

SHELL RIMULA R3+

■ Extra performance

YOU NEED TO KNOW THAT YOUR OIL WILL PROTECT YOUR ENGINE UNDER ALL CONDITIONS. NO MATTER HOW HOT, COLD, STEEP, DUSTY, MUDDY OR EXTENDED YOUR OPERATIONS, YOU DEMAND PROTECTION.

PROTECTIVE POWER

The extra performance formulation of Shell Rimula R3+ provides the extra protection needed in more severe duty and turbocharged engine applications.

EXTRA DEPOSIT CONTROL

To deliver extra protection, Shell Rimula R3+ is formulated with up to 25% more deposit control components compared to basic quality API CF oils.

DYNAMIC PROTECTION

Shell Rimula R3+ heavy-duty diesel engine oil is formulated with adaptive additive technology that adapts physically and chemically to engines to provide Dynamic Protection in three key engine performance areas. It

- fights acids from fuel combustion that can cause corrosion and wear
- helps to control deposits and dirt in all parts of the engine
- helps to control wear through maintaining strongly protective oil films to help keep critical engine components working.

RELATIVE PROTECTION			
	Acid/ corrosion	Dirt and deposits	Wear
